The pool is OPEN and the heat is on! Thank you. Tim! Under 14 needs a guardian over 18 to swim. No lifeguard on duty. Please return pool toys to deck box.

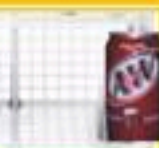

Apis mellifera or Western Honeybee is noted as the most common bee in North America. They were brought to the New World in 1859, are hard working honey producers but have a tendency to stray from their territory. A good thing to know about these bees is they are prolific, gentle and have little tendency to swarm, plus, they are tidy housekeepers. One site even mentions how beautiful and cute they are. I don't know if I'd call a bee cute but there you have it. Please do not disturb the hives this is their breeding time. Just because they say they are gentle doesn't mean they like to be upset.

Join us for Cinco de Mayo, this Saturday, May 5th at 6pm sharp. Serving soft or hard shell tacos with beef or chicken, salsa, lettuce, tomato, cheese, sour cream. Start with 3 each, I'm sure there will be plenty for seconds. Then enjoy your churro with our Toft's ice cream! Margarita drinkers need only bring your alcohol to spice up your cocktail. A non-alcoholic beverage will be provided.

White wire cubes (Recycle bins for your aluminum cans) are in front of the rental (first white building on the left) as you come in. Place your cans in the bin and they will pick up late Sunday afternoon and deposit them in the container cage at the exit. All proceeds go into the activity fund which is run by you (the seasonals) to provide free food, entertainment, crafts, decorations, etc. throughout the season.

The Dog Park where your furry family can meet and greet new furry friends is located on the west end toward the exit. Doggie bags and waste receptacle are there for you. It's ok to walk your dog anywhere in the park as long as you carry a poop bag with you. Please avoid allowing your dog to go on other's sites. It's not cool. Thanks

Gravel has been delivered. If you would like some for your driveway or firepit, it is \$30 a skid bucket load delivered to your site. If you only want a couple of 5 gallon buckets full, it is free if you get it yourself. Call Tim to have it delivered 419-677-1298.

News

The pole is up and will be operational by the end of the week. So call NCW now to schedule a set up time for installation. 440-647-5626.
